JUSTIFICATION

This mission is in response to the USIB requirement for high resolution photographic coverage of COMIRZ priority targets in North Vietnam. Specifically, the OXCART aircraft is to cover those areas of North Vietnam which, because of surface-to-air missile defenses, cannot be covered adequately by other means. The 303 Committee has approved a bank of nine BLACK SHIELD missions per month.
1. Cao Ba Coastal Defense Site

7 COMIREX TARGETS
1#1

5 COMIREX TARGETS
0#1

*Indicates 1st Priority COMIREX Targets

In addition to photographing the seven COMIREX targets, five of which have just been added in the region of the DMZ, the mission will obtain broad coverage of the potential deployment areas for tactical surface-to-surface missiles.

We have not had Black Shield coverage of the DMZ and the panhandle areas since

NOTE: THIS MISSION DESIGNATED TO ACQUIRE DMZ COVERAGE BECAUSE OF EXPRESSED HIGH LEVEL INTEREST.
VULNERABILITY ESTIMATE

There are 249 surface-to-air missile launch positions that have been detected in North Vietnam; of this number, 216 are known to be capable of supporting surface-to-air operations; however, there are only 28 to 30 SAM battalions estimated to be active on any certain day. They are largely concentrated in the Hanoi, HaiPhong, Thanh Hoa, and Yen Bai areas. The OXCART aircraft carries ... There are currently nine MIG-21 jet interceptors stationed at Phuc Yen Airfield, North Vietnam. These MIGs, however, are not capable of intercepting the OXCART aircraft.
OPERATIONAL DATA

DISTANCE : 4200 NM
TIME : 3 + 29
DENIED TIME : 0 + 13 Mins.,
ENTRY ALTITUDE : [REDACTED] 25X1D
SPEED : [REDACTED] 25X1D
TAKE OFF : 0150Z 15 October 1967
2150 Washington Time, 14 October 1967
This OXCART mission as planned herein is approved.
